Now that the gining of cotton is at last closed for the season, Manager Hamilton of the Elgin gin is going back to work on his farm adjoining town. If he proves to be as good a farmer as he is a gin man, there will be something doing on that spot of mother earth.

That was a great home-coming reception that the citizens of Lawton gave Congressman Scott Ferris at the Midland Hotel Saturday night. It very truly indicated the great esteem and affection the citizens of Scott's home town have for him—and he deserves it all.

Dr. Gamble went up to Oklahoma City Friday as a delegate to the State meeting of the so-called Young Men's Democratic Club. We are not from Missouri, but we shall have to examine the doctor's teeth before we are convinced that he is eligible. However, there is no question about his Democracy.

G. W. Temple has traded his farm north of Elgin and the one in Beckham county, near Elk City, for the Dudley stock of goods at Apache. He is now at Apache invoicing the stock, and has left Perley Bennett in charge of his store here. Note the change in his advertisement this week and "Look for bargains."

The following persons were the guests of Dr. Gamble and wife during the past week: R. G. McAninch, of Anadarko; Miss Laura Love, of Guthrie; Mrs. Rogers, of Sterling; Mr. J. M. Hinds and wife and Mrs. Fannie Wolcott, of Elgin; Geo. McDonald and wife, of Holton, Kansas; Dr. Griffith and wife, late of Loretta, Tennessee.

John Clark Fain, son of former County Attorney John A. Fain, is dangerously sick with pneumonia. This sorrowful news will send a thrill of pain to the heart of every man, woman and child that know him best. This unusually bright, intelligent boy was one of the best Pages in Congress during its last session. It was here that we first met this noble little fellow, and soon realized why it was that he was loved and petted by every member in that august body. God grant that he may speedily recover.

Ottie King seems to be very much musically inclined, for he has purchased a new mandolin, and now passers-by may marvel at the melodious master pieces emanating from the instrument of said Ottie.

"Going at twenty-five; do I hear the thirty—and sold to the auburn-haired gent in the corner," and George Morgan "made

good" as an auctioneer at the pie supper, at Mistletoe, Friday night. Ten dollars was the result, which shows the generous spirit manifested by our neighbors and friends.

Bill Hunt's house, with all the contents, "went up in smoke" last Saturday. Both Mr. Hunt and his wife were away when the fire started. Mrs. Hunt had gone to a near neighbor and was on her return home when the conflagration was discovered under good headway. It is thought that a defective stove pipe caused the origin of the fire. We extend to the family our sympathy in their loss.

Last Sunday was another great day at Mistletoe, for Bro. Humphries and wife were present with us, and, as announced, he preached for us. Such a sermon has been seldom heard in this vicinity as was attentively listened to by a goodly number present. It was delivered in plain English, so that the little folks could comprehend; and yet his message was food for us all. He is to preach at Mistletoe every fourth Sunday.
